Solutions for our clients across the UK

Energy compliance

Location: Royal Liver Building, Liverpool

Project: 325,000 sq ft Grade I Listed office building

Client: Royal Liver Assurance

We undertook various energy certification surveys at the iconic 'Liver Birds' Building. We provided advice on how the energy efficiency of this Grade I Listed office building could be further improved.

Property compliance

Location: Bedford Square, London

Project: 20,000 sq ft period office building

Client: The Architectural Association

We undertook an Asbestos Management Survey at very short notice and provided associated consultancy services. The offices were being converted into the new AA School of Architecture.

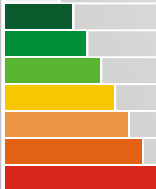

Facilities Management

Location: Slough, Berkshire

Project: 13,000 sq ft town centre office building

Client: Valad

We have provided hands-on facilities management of this multi-let building for over five years. Services have ranged from regular cleaning to security enhancements.
