

We make buildings smarter, safer and greener

Facilities Management services

Facilities Management across London and the Thames Valley

We provide a comprehensive FM service for commercial and public sector buildings across London and the Thames Valley. We pride ourselves on attention to detail and providing a cost effective service. We believe that maintaining an excellent relationship with occupiers and tenants is essential to delivering a service that adds value.

Insurance inspections

Almost all insurance companies require regular property inspections of vacant buildings. Having a reliable and accountable inspection regime in place is essential to maintaining insurance cover. We provide a national service for property owners.

Case study

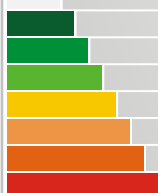

Location: Slough, Berkshire

Project: 13,000 sq ft town centre office building

Client: Valad

We have provided hands-on facilities management of this multi-let building for over five years. Services have ranged from regular cleaning to security enhancements.
