

## **How to make money, save money and not be sued: The new Energy Efficiency Regulations**

### **All you need to know in 45 minutes**

The professional briefing will cover the following items:-

- Update on the national rollout of Energy Performance Certificates for all domestic and commercial buildings.
- Impact on marketing and valuation.
- Actions to take in response to the Energy Act 2011 and the Regulations 2015.
- How to boost the energy efficiency of a building without breaking the bank.
- Advice that you should give to clients.
- Future legislation and its likely impacts.
- Real life case studies demonstrating what landlords and their advisors are doing right now.

The presentation will be given by Martin Gibbons MRICS, a Director of Vital Property Solutions. Martin is a chartered surveyor and has worked for Weatherall Green & Smith and Lambert Smith Hampton. He started Vital in 2007 to provide energy efficiency services to investors and occupiers.

Vital has undertaken thousands of commercial EPCs from Aberdeen to the Isle of Wight. The company advises clients across the UK including Aviva, B&Q, Domino's, Medical Research Council, MEPC, and Valad Europe.

CPD certificates will be issued to attendees
